

# Want to Help Save Wildlife?

## Join Our Statewide Wildlife Transporter Team!

Nebraska Wildlife Rehab is building a team of volunteers statewide who will rescue and retrieve injured, ill, and orphaned wildlife and help relay it to our Wildlife Center in eastern Nebraska.

### Volunteers:

Pick up wildlife from public rescuers, veterinary clinics, and in the field.

Stabilize the animal(s) or seek veterinary attention for them in preparation for the journey.

Drive one leg of the journey or the whole distance to our Wildlife Center, depending on your location and availability.

A vehicle, valid driver's license, and a love of wildlife required!

## Trainings will be held throughout the state in April 2018!

(Training locations will be determined based on volunteer interest)

*We look forward to working with you!*
